Friday for Kerrville where Mr.

O. Rath left Thursday for the
Texas Military Training Camp.
Some of our young men who had
been ordered to go changed their minds
and will not be among the soldier
boys at the camp this year. Military
training is a great developer of
physical manhood, and as Uncle Sam
is out for the welfare of his
young nephews while in his charge,
time spent in these training
camps is time well spent and young
men should be encouraged to enter
and gain some knowledge of military

The Hondo Bottling Co., repre-

Co., of San Antonio, erected another
beautiful monument the past week.
It was for the late Mrs. M. E. Jones
and put up by her husband in the
Butts private cemetery. Mr. Bohlen
of the Bottling Co. states this is just
another example of the beautiful
and artistic work the Chas. Lucas Co. is
putting out.

This paper was in error last week
in stating that Mrs. Robert Haege-
lin had been operated on for appen-
dicitis. It was for the removal of
her tonsils instead, and we are glad
to report that she was soon recover-
ed from the operation.

In the proper column of today's

nouncement of Mr. J. E. Muennink,
who seeks the office of county com-
missioner of Precinct No. 1. Look

him on election day.

Mr. and Mrs. Chas. de Montel and
daughter, Miss Annie May, return-
ed Tuesday from their visit to re-
latives at Castroville. They left
early Wednesday morning for their
home at Camp Verde, accompanied
by Miss Mollie de Montel of Castro-
ville.

Prfo. W. N. Saathoff, F. H.
Schweers, County Agent Jack Forga-
son and Fletcher Davis are attending
the Farmers' Short Course at A. & M.
College this week. Latest reports
are to the effect that they are hav-
ing a great time mingling with the
"book farmers".

Will Wingate of Devine arrested
on a charge of statutory rape this
week, was released on a \$5,000 bond
Wednesday. The case was taken
before Judge Burney at Kerrville,
examination waived and bond fixed
at above amount. Justice Hoog at
Castroville approved the bond and
ordered the defendant released from
custody.

Ira Baker is in jail with a charge
of false swearing set opposite his
name. Baker recently took out a
marriage license for a couple in the
lower part of the county, and doing
so swore that the girl was eighteen
years of age. The mother of the
girl is the complaining witness.

In the usual rush and jam of work
last week, we failed to make mention
of something new in the way of can-
taloupes, left at our office by Mr.
Willie Britsch. He called it the
"banana" cantaloupe, and at a short
distance it had a very similar odor
to that of a banana. It is of an ob-
long shape and this particular sample
was 19½ inches long and not more
than five or six inches in diameter.
This cantaloupe is prolific and very
wholesome, and considering the size
it should become a popular favor-
ite with growers for home consump-
tion.

Something always happens to take
the joy out of life—in a printing
office. By some mischance the third
day's proceedings of the Staats Ver-
band, held in D'Hanis last week, fail-
ed to appear in last week's write-
up, and just how it happened to be
left out is what has caused the worry.
And what adds to the worry is the
fact that no trace of the copy can
be found so that the omission can be
corrected. The Anvil Herald re-
grets this omission, as it would like
to have carried the proceedings of
the meeting in full. It is just an-
other of those inexplicable happen-
ings, as stated above, that help to
take the joy out of life.

Carter & Bader, Ford dealers, re-
port only sixteen deliveries for the
past week, as follows: Alfred
Schlentz, Hondo, touring car; Wal-

Benny Bradley, manager at Ol-
swanger's dry goods emporium, and
Travis Mansell, "gerente" at E. R.
Leinweber Co., returned last Sat-
urday from their summer vacation.
During their absence they took in
Houston, Galveston, Corpus Christi
and several other cities, and if you
notice any new innovations in their
firms you will know that their trip
was not in vain.

Joe Monkhouse left Tuesday for
New York where at noon next Tues-
day he will board the good ship,
Republic, for his trip across the
Atlantic. The Anvil Herald will
keep the young gentleman advised
as to the happenings in Hondo dur-
ing his stay in Coblenz, Germany.

Carload shipments for the past
week totaled but ten cars, two out
and eight in, as follows: Outbound,
2 cars of oats; inbound, 2 cars of
lumber, 2 of Ford cars, 1 of gasoline,
1 of lignite, 1 of oil and 1 of bag-
ging and ties.

By this means I wish to express
my sincere thanks for the generous

FIRE COMPANY BENEFIT.

An entertainmet, to be given by
the young people of Hondo under
the direction of Miss Octavia Davis,
is being planned, the object of which
will be to raise funds to help pay
the debt due on Hondo's fire-fighting
equipment. The entertainment is to
be given some time within the next
two weeks. The date will be an-
nounced in next week's paper.

NEY-BENDELE.

Mr. Quinn Ney and Miss Ella Ben-
dele were quietly married last Sat-
urday evening, July 26th, at the
home of Judge Lamm, the Judge per-
forming the ceremony.

The groom is the youngest son of
Mrs. Henry Ney. The bride hails
from June, but has a host of rela-
tives and friends in Medina County
who join in wishing the young couple
health, happiness and prosperity.

Mr. and Mrs. Ney will make their
home in Hondo.

BASE BALL GAME.

If Uncle Sam has a real ball team
hanging around anywhere in reach
of Hondo he is invited to send it
to us—a team that can put up a
worth while game. In the game
here Tuesday afternoon the Hondo
boys romped on the team of the 2nd
Division by a score of 7 to 4. The
next game scheduled on the local
diamond is for Thursday, August 7th,
when the Uvalde team will be the
visitors. The Uvalde team claims
the championship of west Texas.
Perhaps after the game here they
will modify their claims somewhat.
Be in your seats early Thursday,
August 7th, and root for the home
team.

THE AMERICAN LEGION DANCE.

The farewell dance given by the
American Legion Club Monday night
in honor of Joe R. Monkhouse, a
member who left Tuesday to begin
work in the consular service of the
U. S. in Germany, was a very delig-
htful affair and was thoroughly en-
joyed by everyone who attended.

Music for the occasion was fur-
nished by Homan's Orchestra and the
dance was carried on pleasantly un-
til one A. M. For those guests who
did not dance the club had arranged
tables for "42" or dominoes. Re-
freshments of punch and cake were
served the guests throughout the
evening.

Mr. Monkhouse received many
good wishes; that his voyage would
be of the best; that he might be suc-
cessful; and all in all, he received a
fond farewell from his American
Legion Club friends.

ACCIDENT.

On their way to Natalia a party
of young people from Hondo had
quite a narrow escape from death or
serious injury. When the party
reached the long hill near Mrs. Jos.
Breiten's farm on the Devine road
they were proceeding quite rapidly
when suddenly a large limb of an oak
tree, lying across the road, came
into view. As the speed they
were making at the time was too
rapid to stop and the only avenue of
escape meant a ditch and wire fence
Volney Boon, who was the pilot,
deemed it necessary to drive over
the fallen limb. When the car struck
the obstruction it almost turned end
over end but as fate would have it,
something caused the car to turn side
ways for a while before going over
and then settle up side down. The
young people then extricated them-
selves and one by one found that
they were not injured other than
numerous bruises and small cuts—
Volney Boon received the worst of
the bruises, having one deep cut up
on his knee, besides countless small-
er ones, that will keep him limping
for quite a few days.

The car, property of Mr. Albert
Neuman, was not damaged to the ex-
tent that one might have expected
and escaped with a ruined top, broken
windshield, damaged radiator and
fenders. The car was righted and
driven back to Hondo. This acci-
dent could easily have been a tragedy
and every one is thankful that the
members of the party escaped no
more serious injury than they did.

T. J. SAUTER DEAD.

Mr. T. J. Sauter, whose critical
condition as the result of a fall was
mentioned in last week's Anvil Her-
ald, died at the Santa Rosa hospital in
San Antonio last Friday evening at
8:55—five days after receiving his
injuries. While his demise was an-
ticipated from the first his passing
caused profound sorrow to every-
one who knew him.

Deceased was a native of D'Hanis
and had made Medina county his
home during his entire life. We are
not advised as to when he moved to
Hondo, but he had made his home
her the past dozen or more years.

When Mr. Alfred Finger was ap-
pointed postmaster at Hondo, he of-
fered his old friend a position as
assistant, which he accepted, and his
courtesy and untiring efforts to
please made him one of the most
popular employees that ever held a
like position in the office here.

The body was taken back to his
old home town Saturday and, sur-
rounded by life long friends, was laid
to rest in the D'Hanis cemetery at
10 o'clock Sunday morning, Rev.
Father Maas of the Catholic Church
conducting the services.

Mr. Sauter had reached the meri-
dian of life, being about 52 years of
age, and his passing is a distinct loss
to the county.

Besides an aged mother nearing
the century mark, deceased is surviv-
ed by his widow (nee Lena Fohn) and
eight children, five sons and three
daughters, and many other relatives
who are bowed with grief over his
untimely end.

The immense concourse of friends
who were present at the funeral at-
tested the great esteem in which he
was held. Being of a kindly, friend-
ly disposition, he attracted and held
in the bonds of friendship all who
came in contact with him.

He was a member of both the Me-
dina County Aid Society and the Her-
man Sons, and as a consequence his
loved ones will be the recipient of
his devotion to them long after his
hands are still.

That a kindly Heavenly Father
may assuage their grief and com-
fort them in this, their dark hour,
is the wish of all our people.

CARD OF THANKS.

I take this means to thank one and
all who so kindly donated and as-
sisted us in different ways—special
thanks are due our friends from
the country, who not only donated,
but came quite a distance to patron-
ize us and help make our ice-cream
social a success. This patronage is
very much appreciated as it is help-
ing us to improve our town. Be it
cream supper or any kind of busi-
ness, if it is not patronized, it will
become a failure.

This undertaking of an ice-cream
social was for a very good cause—
the improvement of our town—for,
who-so-ever has witnessed a fire,
must know what good fire protection
means to a little town. I am not
trying to criticize any one, but I am
sorry to say that quite a few of the
most prominent citizens of our town
took very little, if any, interest.
Some may think that the ladies were
working for praise. Indeed they
were not. They were asked by the
Fire Company to put on the social,
as there is quite an indebtedness on
the fire-fighting machinery, and they
were glad to do their part, and will
be ready to assist again in any way
and at any time.

To be a volunteer fireman means
a great deal as few of us like to work
without pay. So let us assist our
fire boys in every way and strive to
work together for the improvement
of our town.

Respectfully,

MRS. C. J. BLESS.

A member of the Committee.

LAST UNIT OF AFFILIATION SECURED FOR H. H. S.

Information has been received
to the effect that the work submitted
by Superintendent J. D. Howell, for
affiliation credit of 1/2 unit in Eco-
nomics with the University of Texas,
has been accepted and the affiliation
granted. This gives the High School
16 fully affiliated credits and com-
pletes the accrediting of all the
courses offered in our school.
Securing this last credit for the
Hondo High School seems to be a
fitting climax for Mr. Howell's
splendid work in Hondo for it has
been through his continuous ef-
forts that the school has been built
up and it is a final statement of the
work he has done and is capable of
doing.

ZEN

By ROBERT STEAD

A romance of the ranches
of western Canada, writ-
ten by one who is an ex-
pert in his knowledge of
the region—who makes
you feel its atmosphere
and enjoy personal con-
tact with its people.
A quick-moving story of
dramatic power. A con-
flict of human desires and
passions. A story of mod-
ern life, told with courage
and honesty and with
rare understanding of both
sides—the man's and the
woman's. A story that
shows how splendid life
can be in the great open
places.

EVEN CAREFUL CALOMEL USERS ARE SALIVATED

Next Dose of Treacherous Drug
may Start Misery
for You

Calomel is dangerous. It may
salivate you and make you suffer
fearfully from soreness of gums
tenderness of jaws and teeth, swollen
tongue, and excessive saliva drib-
bling from the mouth. Don't trust
calomel. It is mercury, quicksilver.
If you are bilious, headachy, con-
stipated and all knocked out, just go
to your druggist and get a bottle of
Dodson's Liver Tonic for a few cents
which is a harmless vegetable sub-
stitute for dangerous calomel. Take
a spoonful and if it doesn't start your
liver and straighten you up better
and quicker than nasty calomel and
without making you sick, just go
back and get your money.
If you take calomel today you'll be
sick and nauseated tomorrow; besides,
it may salivate you, while if you
take Dodson's Liver Tonic you will
wake up feeling great. No salts
necessary. Give it to the children
because it is perfectly harmless and
can not salivate.

PASSING OF A PIONEER.

long and eventful life came to an end at 8:00 o'clock Wednesday morning when Mr. F. E. Saathoff fell at his home four miles south of Hondo. Deceased had reached the old age of 84 years 6 months 20 days when the end came. He was a boy some five years of age when he came to Medina county some twenty-nine years ago, and this had been his home ever since. Deceased was a native of Europe, and together with his widowed mother and a sister, he came to this country from Port Laid. His mother died on the over-trip and the two orphans were left for by old settlers until they were capable of making their own way.

Industry and frugality deceased required a competency that enabled him to pass the evening of his life in comparative comfort. He is survived by six children, four daughters and two sons to wit: Miss Lena Saathoff, Mrs. Alfred Nester, Mrs. Aten all of Medina County, and A. E. Umlang of Utopia; and P. F. Saathoff of Medina County. He is also survived by a number of grandchildren.

The funeral occurred at 10 o'clock Monday morning, the remains being laid in the Woodmen Cemetery at Hondo. Rev. G. E. Grueber, pastor of the Hondo Lutheran Church, officiating.

Coming to the distance and the connection incident to preparations for funeral the Anvil Herald will be forgo a lengthy review of life of the deceased for a subsequent issue of the paper. This has been promised us, and as it will be prepared by those familiar with the eventful life of deceased will be reliable than anything that can be gathered from hear-say.

Deceased was held in the highest esteem by all who knew him, and his passing has caused profound sorrow not only to his immediate relatives but to a host of life-long friends as well. Conscious of the end and fully cognizant of the near approach of the end, death had held no terror for him and he gently fell to await the resurrection.

"K'S BAD BOY" TO BE SEEN HERE.

The long-heralded production, "K's Bad Boy", with lovable Jack-Pogon in the stellar role, will be featured at the Airdome tonight. The mischievous lad who makes us of trouble for his "Pa" and a whole town "by the ears," the Coogan is said to give an more delightful and amusing personation than that which might him fame and fortune in the film "The Kid."

"K's Bad Boy" is an adaptation of the works of the late George Peck. The subtitles are written by that inimitable humorist, Irvin S. Cobb.

Appearing in support of Jackie in latest photoplay is an excellent which includes Doris May, Melier Oakman, James Corrigan, and Leighton, Raymond Hatton, and Baby Gloria.

The production was recently given Broadway premier at the Strand theatre in New York, where it was sensational success. Critics were unanimous in their praise of the six-year-old star and his first independent production for release by Associated First National.

HOW ANIMAL PURCHASED

Henry Wurzbach of Medina County, Hereford breeder and all-around stock farmer, has bought a Domino Hereford bull from the Medina Hereford ranch. The calf is four months old, and delivery to be made about December, and Wurzbach is to head his herd with him in the future. Henry Wurzbach is a critical judge of Herefords, and his purchase of a bull of the Medina family is significant. Montague & Magee, owners of the Medina Hereford herd, would not sell a bull for delivery until after the close of the fall fairs is over, for they intend to show him all over the circuit, or at least the good portion of the circuit.—Thursday's Express.

THE PRIMARY.

The primary election last Saturday passed off very quietly, not more than one-half of the voters exercising their right to vote. As the law requires the election officials to report to the chairman of the County executive committee, and as the chairman is located in Devine, the returns, so far as known in Hondo, are very incomplete, and it will be impossible to get anything like a correct list before the meeting of the executive committee. This meeting, as provided by the election law, will be held today—too late to be of service to the Anvil Herald for this issue.

As there are still seven precincts from which no reports have been received in Hondo, it is impossible to give the vote by precincts, and the following—unofficial—is the total of the vote of the twelve boxes from which reports have been received.

The next Anvil Herald will possibly be able to give a full report of the result of the primary.

The vote below is the total, so far as we have been able to get them:

We have no figures on the senatorial race. A. J. Durham of Sabinal was renominated for representative in the legislature without opposition.

Of the nine candidates for governor Felix Robertson of Dallas was the high man with Mrs. Miriam Ferguson second. She was leading Lynch Davidson by 6,037 votes according to returns in Friday's daily papers, and she will be Robertson's opponent in the August 23rd primary.

In the lieutenant governor's race, Edwards and Miller seem to be the leaders and will be in the second primary.

The returns at our disposal are not full enough to indicate who was elected chairman of the county executive committee or who were elected for precinct chairmen.

In fact about the only thing we can positively assert about the recent primary is that some system should be devised by which the result of the elections could be speedily determined. There is absolutely no reason why it should take a whole week to learn the result of an election in a county. There were approximately 700,000 votes polled in the State in last Saturday's primary. The people of Medina County know the result of the State primary better than they do that of their own little county.

WITH THE DRILLERS.

Nothing new, so far as we know, has occurred the past week among oil hunters, and yet they are not idle. Leasing north of the railroad is getting more active, but whether or not any drilling operations are contemplated we are unable to say.

The home people's well on the Ward tract is standing, waiting on a shipment of casing. As soon as this shipment arrives casing will be set, the well washed and a test made. The well is heavily mudded, nevertheless considerable oil is in evidence on the slush pit, and experienced oil men predict a good commercial well when it is put in condition.

Ina No. 5, at last report, was near the oil sand. The location is 300 feet northeast of Ina No. 1. As there has been no passing between the well and Hondo, we have learned no particulars. This location is regarded as in proved territory and is not watched with the interest that attaches to wells drilling in what is still regarded as wildcat territory.

The Lampasas-Bisbee Co.'s big standard rig is nearly ready to start the drill on its downward course. The operation of this company will be watched with interest. The action of the old abandoned well which was never completed but which has continuously shown oil for more than two years, leads people to believe a great oil pool underlies its location.

The Ina Company has its rig up on the Neuman place, the shack built and before another paper reaches its readers the drill will be on its downward course.

We are not advised as to what progress is being made on the Murphy-Fusselman location. A part of the equipment was hauled more than a week ago, but whether or not the whole rig is yet on the ground, we are unable to say.

APPRECIATION.

I wish to express my gratitude and appreciation to friends throughout the state for their interest and support in my race for United States Senator.

My main purposes in responding to the call to seek the senate, were to afford the people an opportunity to vote for the principles of a representative democracy as against a rapidly encroaching federal despotism. And to endeavor to promulgate an agrarian program which will give some guarantee to the very highly complex life of this nation.

The farmers and laborers in political conference called upon me to make the race, without any solicitation upon my part. As under the circumstances I knew success was improbable, my effort was but a small contribution to the great causes of freedom and progress. It was freely given and as I had little political ambition to be buried, I have no ill feelings to suppress.

FRED W. DAVIS.

SCHLENTZ-BRUCKS.

Mr. Arthur D. Schlentz and Miss Minnie H. Brucks, two popular young people of Medina county, were married at the Lutheran Church here at 4:30 o'clock Wednesday afternoon. Rev. G. E. Grueber, pastor of the church, officiating.

The groom is a prosperous young stock farmer of the Vandenberg section, and is held in high esteem by all who know him.

The bride is the lovely daughter of Mr. and Mrs. Otto H. Brucks and enjoys a large circle of admiring friends.

The happy young couple will make their home at Vandenberg, and a host of friends wish for them a long, happy and prosperous married life.

GEIGER-HOLLAWAY.

Mr. Elmer Ted Geiger and Miss Lucille Joe Hollaway were married at 8:00 o'clock Tuesday evening, at the home of Judge and Mrs. A. M. Lamm, the judge performing the ceremony.

The bride, the winsome daughter of Mrs. J. W. Hollaway, certainly took her friends by surprise, as she had confided the approach of the happy event to no one. Nevertheless, all her friends offer congratulations to the groom, and wish for them a pleasant voyage on the sea of life.

Immediately after the wedding Mr. and Mrs. Geiger left for Castroville where the groom is temporarily located and where we understand they will reside for some weeks. The home of the groom, who has but recently come to this section, we understand, is in Minnesota, and we presume they will make their future home in that state.

That the choicest blessings of life may attend them is the wish of all of Miss Lucille's friends.

YELLOW BANK DISTRICT NO. TWENTY-FOUR. (P. O. Rio Medina, Texas.)

Yellow Bank District is located in the North East part of the county in the beautiful Medina Valley. This district was created out of the original Rio Medina District No. 2. The citizens of this district are mostly descendants of the Castro colony. The section is agricultural territory. The farms are in a high state of development. Corn and other grains are the principal crops. The pecan industry along the river is extensive. Hundreds of acres are covered with native pecan. The revenues derived therefrom are large. The home life is ideal. Practically all the farmers own their homes with modern conveniences. The school building is situated on a hill overlooking the extensive valley. It is not a modern structure but it is in first class condition and with the use of shades it is made to conform with the modern idea. The equipment is complete and consists of maps, globe, charts, holo-plate boards, single seats, sanitary teacher's desk, steel lockers, and a piano which is put to daily use in teaching music and public school singing. This district could

YELLOW BANK SCHOOL, DISTRICT 24.

consolidate with District No. 2, thereby making one of the best Rural High Schools in the county. Since the roads in this section are ideal, consolidation would mean much for the advancement of education for boys and girls in this locality.

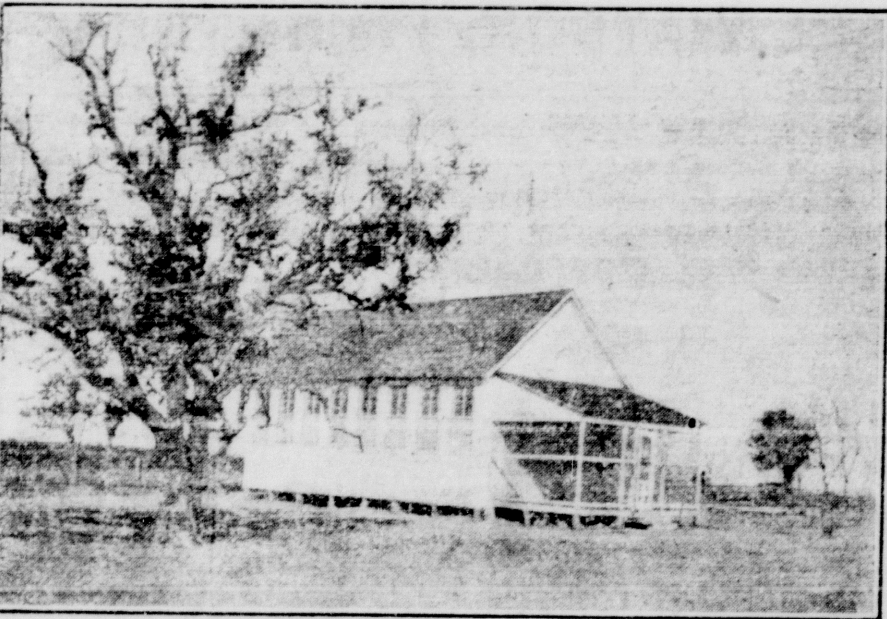

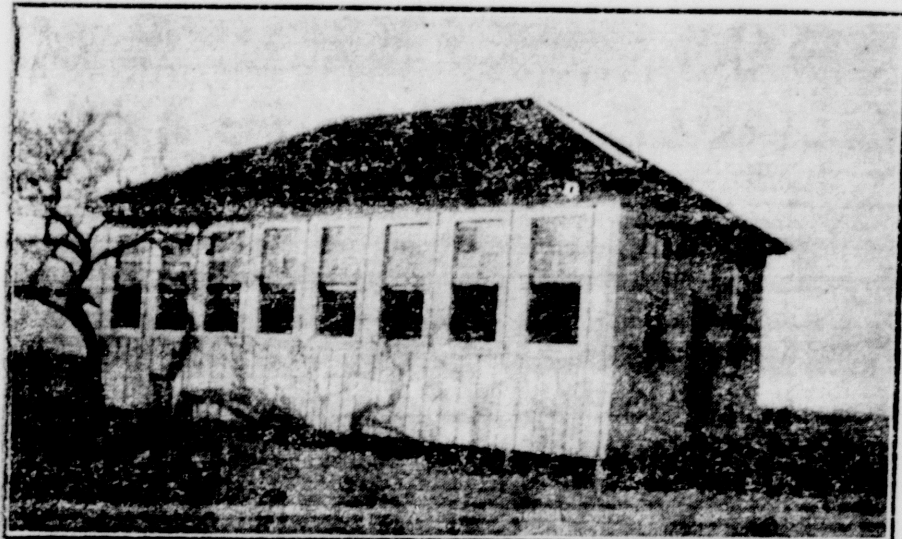

The present board of trustees are: Mr. E. B. Haegelin, Mr. O. W. Huegele and Mr. E. W. Tschirhart, who give unexcelled attention to their duties, and under whose supervision the school work is progressing satisfactorily.

Miss Lillian Smith is teacher, term 8 months, salary \$80.00, certificate, First Grade.

Scholastics 37, enrolled 18. Local tax voted 50c. Levy 20c. A good school, but with the number of grades for one teacher, it is rather hard to do effective and satisfactory work. Since quite a number of students are doing High School Work, it is recommended to either place two teachers in charge, or consolidate with the neighbor to the South.

LIVE OAK DISTRICT NO. TWENTY-FIVE. (P. O. Hondo, Texas.)

Live Oak School, situated on Live Oak Slough, is six miles from Hondo,

LIVE OAK SCHOOLS, DISTRICT 25.

on the Hondo-Devine Highway. It is in the center of the twenty-fifth school district, a district comprising about twenty-five square miles. The school was built in 1907 with James Fusselman, E. E. Rogers and John Moeching as trustees. At the time of its organization there were only seventy scholastics in the district while at the present time there are a hundred and ten. Beginning as a one-teacher school, Live Oak has grown into a three-teacher school.

The people of this community are engaged in farming and stock-raising. This region of black-waxy soil is one of the most fertile and most productive of all the farming regions of Texas. The most important crops are cotton and corn and these are raised in great abundance. The stock that is raised here is cattle, hogs, mules, horses and poultry. Due to the willingness and the co-operation of the people of Live Oak District, the Highway between Hondo and Yancey, long a dream, has at last become a reality.

The majority of the people living here are very prosperous and their homes, which are modern and have all conveniences found in city homes, demonstrate this fact.

A good home environment has been proved to be essential to every child's life. The environment of the home together with that of the community has influenced the lives of the children of the Live Oak district greatly and this is evidenced by their characters and by their work in the school-room.

There are two school buildings in this district—one for the white children and the other for the Mexican children. Formerly three teachers were employed in these schools but this year a private school is being held for some of the Mexicans, thus dispensing with one of the teachers. Each of these buildings is equipped with the most modern of school-room furniture besides numerous other features that beautify the rooms or facilitate the work of both the pupils and the teachers. A piano which is used in teaching class-room music is in one building. In the Mexican school there is an organ that is used for this same purpose. A library consisting of some two hundred volumes, adequate to the needs of the school, is maintained.

The school work is very good and as a result there are quite a number of A-1 students. Pupils from this school who have entered colleges and affiliated high schools are standing at the heads of their classes and this, also, shows the effective work of the Live Oak teachers and students. Another proof of the good work is the fact that Live Oak School received first award in the rural school exhibits at the County Fair in 1922. An important feature of the work is the number and quality of the entertainments which are given during each year.

The present trustees are A. L. Haegelin, Robert Haegelin and Ed Moeching. Their faithfulness and willingness to put forth their best efforts for the betterment of the school have endeared them to the whole community.

The teachers for the 1923-1924 term are Lillian Brucks, Principal, and

Evelyn Wilson, Assistant, who hold first and second grade certificates respectively. The term of the school year is nine months and the salaries of the teachers are \$85.00 and \$70.00. This district voted and levies a fifty cents tax. Scholastics 104, enrolled 29.
